Diogo Falcão

Mobile & Full Stack Developer

Worked as an Android Developer Apprentice, gaining real-world experience in a company environment. During my Bachelor's degree, I built full-stack applications with a strong focus on mobile, using Java, Kotlin, and Flutter. I also explored cross-platform tools like React Native, front-end frameworks like React, and design tools such as Figma.

Digital Skills

Kotlin	Java
React	Spring Boot
UI/UX design	Cassandra
Android SDK	Python
TypeScript	MySQL
Flutter	Redis
React Native	Jira
JavaScript	Figma

Certificates

Android Development with Kotlin Google Certificate (2025)

Participation in National Conference on Computer Engineering - ENEI (2023)

Completed four mentorship-related certificates from the University of Aveiro (2023)

Languages

Portuguese - Native

English - C1

Spanish - B1

French - A1

Volunteering

Banco Alimentar Contra a Fome
Helped one weekend at the store entrance handing out shopping bags for later collection by BACF.

Santa Casa da Mesiricrodia
Volunteered singing at a nursing home with Conservatório Regional de Castelo Branco
