Diogo Falcão

Mobile & Full Stack Developer

Full Stack Developer with a strong interest in mobile development. I develop full-stack applications using Python, Java, Kotlin, various database technologies, as well as React, React Native, and Figma. I have experience integrating AI capabilities into applications, including working with LLM APIs and prompt engineering.

Digital Skills

Kotlin	Java
React	HITL UI Patterns
GIS	LLM APIs
Android SDK	Python
TypeScript	MySQL
Flutter	Redis
React Native	Jira
JavaScript	Figma & UI/UX Design

Certificates

Webinar - MongoDB: the reference database for the AI era (10/2025)

NATO VIP Day: Use of Drones in Defense (09/2025)

Android Development with Kotlin Google Certificate (06/2025)

Articles

"Do you really need Apple CarPlay or Android Auto in 2026?"
Medium, 09/2026
https://medium.com/mctw-tdw/do-you-really-need-apple-carplay-or-android-auto-in-2026-2c25a4593793

Languages

Portuguese - Native	Spanish - B1
English - C1	French - A1

Volunteering

Banco Alimentar Contra a Fome
Helped one weekend at the store entrance handing out shopping bags for later collection by BACF.

Work Experience

Curricular Intern
Ubiwhere (Aveiro)
02/2027 - 06/2027

Will conduct research and development on AI-focused Human-in-the-loop Interaction Models for Urban Decision Systems.

Android Developer Apprentice - Summer Internship
Sky (Aveiro)
06/2025 - 08/2025

Migrated a user login form page from View to Compose, gained experience with Clean Architecture and Dependency Injection, and worked across all app logic layers, including parsing backend errors into in-app notifications.

Salesperson and technician
Worten Mobile (Aveiro)
09/2026 - Present & 09/2024 - 12/2024

Worked in tech sales, responsible for diagnosing, repairing, and resolving hardware and software issues on mobile devices.

Intern Developer - Summer Internship
RCoders (Castelo Branco)
07/2023 - 08/2023

Learned and got familiarized with Outsystems, a low-code development platform. Developed a final project.

Collaborator (Social Media & Events)
NEI AAUAv - Núcleo de Informática da Universidade de Aveiro
08/2022 - 08/2024

Supported social media and event activities.
